Weekly Report
December 15-21, 2013

This report is a broad sampling of events that have taken place in the past week, but does not include all actions taken by the Law Enforcement Division.

Region I- Calhoun (Northwest)

BARTOW COUNTY

On December 19th, RFC Zack Hardy worked on an investigation of a 9 point buck shot in western Bartow County. RFC Hardy checked and found that the hunter did not possess a valid hunting license. The hunter's license had been expired for almost 2 months. The hunter was issued citations for hunting without a license and possession of illegally taken wildlife. This incident shows the importance of hunters ensuring their license is valid and up to date.

CHEROKEE COUNTY

On December 15th at 445am, RFC Bart Hendrix received a call from a concerned citizen who lived on Worley Road near Ballground, Ga. The caller had heard a high power rifle shot near his house and saw a dark colored truck come back by the property. RFC Hendrix responded and found fresh blood and suspected deer hair at the gate to the property as if someone had already removed a deer. RFC Hendrix then waited until daylight and asked RFC Brooks Varnell and his K-9 “Rock” to assist him at the scene. “Rock” was able to back-track the scent to the area where the deer was suspected to be shot at night. The Rangers and “Rock” were not able to locate a spent cartridge, but did notice drops of blood on the pavement and white line of the road. RFC Hendrix slowly followed the drips of suspected deer blood up the road for a third of a mile where it stopped and turned into a driveway. In the drive and in plain view, the rangers could see a black Ford truck with suspected fresh deer blood dripping from the vehicle. They contacted Sgt. Mike Barr who started the process of obtaining a search warrant. During this time, the Rangers decided to knock on the door of the residence and speak with the occupants. The two male occupants agreed to talk with the Rangers and each relayed a different story of how they had spent their night. One person finally admitted that they had been night hunting and had shot a buck. The other person realized his story did not add up and also admitted to killing the buck with a 7mm magnum rifle as it crossed in front of their truck headlights on the roadway. Each completed a written statement as to what had happened during the night hunting incident. RFC Hendrix and RFC Varnell met Sgt. Mike Barr at another residence in the Salacoa Valley area where they seized the illegally taken buck. Charges included hunting deer at night, hunting from a motor vehicle, hunting from a public road, and possession of illegally taken wildlife. The deer was donated to a needy family for food.

At approximately 5:52 pm (legal hours end at sunset 5:24pm) he heard shotgun fire coming from the complaint location. He moved to observe the activity from a better location. Sweat made contact with the owners of the property and determined that the suspects did not have permission to hunt the property. The land owner advised that he did not want to prosecute at this time, so warnings were issued to the violators for hunting without permission. One of the subjects was issued a citation for hunting without a license.

LAMAR COUNTY

On Sunday, December 15th, RFC Keith Page and K9 Drake checked an area on Mathews Road in Milner, where he had previously located several baited deer stands. While locating the baited deer stands, Page also discovered a turkey that had been freshly killed. RFC Page decided to wait until he caught someone hunting over the deer bait before questioning anyone about the turkey. On the morning of the 15th, Page and Drake checked the first baited stand but did not locate anyone. They then proceeded to the second baited deer stand. Just before reaching the second stand, K9 Drake picked up the scent of a hunter nearby. RFC Page believed that Drake smelled a hunter that was in the second stand. As Drake began to track the scent of a hunter towards the second stand, Page began to see fresh boot tracks. When the two made it to the second stand, they found that it was empty but it had muddy tracks on the ladder. RFC Page knew the tracks were fresh because he and Drake had checked the stands the night before. Fearing that the illegal hunter spotted them, Page commanded Drake to “find him” and searched the area immediately around the stand to make sure the hunter was not hiding from them. After a brief search, RFC Page saw more fresh tracks leaving area and heading back the way they came from. RFC Page then commanded K9 Drake to “Track”. Drake immediately got on the fresh tracks and turned at the first intersection in the woods roads. RFC Page allowed Drake to track as fast as they could so they could hopefully catch up with the hunter before he made it back to his nearby residence. After approximately a 600 yard track, RFC Page spotted the hunter exiting the woods and headed towards a house. Page called for a Lamar County Deputy that he already had on standby to pull into the man’s residence and to stop him from going inside. The deputy stopped the man as Page and Drake caught up with the man. After interviewing the man, he admitted that he saw someone with an orange vest on with a dog and got down out of the baited stand and left. Then after getting caught in multiple lies, the man owned up to killing the turkey on November 30th at approximately 5:30pm with a 30-06 as he was leaving his deer stand. The man was charged with hunting big game over bait, hunting deer without wearing an orange vest, hunting out of season (turkey), and hunting with illegal weapon/ammo (30-06).
