Instructions for Renewal Form for Dog Hunting Permit

Attached is the form to apply for a Renewal Dog Hunting Permit. This permit must be received by anyone desiring to hunt deer with dogs in Georgia prior to any dog hunting activity. The application is one page and requires additional information be attached in order to be complete.

Please do not combine multi Hunt clubs on same application, submit separately

Complete all of the information for this block. Social Security number, address and date of Birth must match applicant’s name.

Item #2. All tracts of land that are to be hunted must be listed to be covered under the permit. Tracts should be listed by individual property owner. You must provide acreages and maps for all tracts. Minimum permissible size for all leased tracts in combination is 1000 contiguous acres. However, a privately owned tract may be permitted if it is at least 250 contiguous acres. If additional space is needed, attach an additional page. Maps should be an 8.5 X 11 official county tax map with aerial photo overlay displaying included property. Applicant should mark access points (how will hunters get on the permitted property). Permittee will not be authorized to deer hunt with dogs on any tract not properly listed on the application or tracts for which no map or signature has been submitted. If you submitted a map last year, you will not be required to submit a map this year (if no changes)

NOTE: Additional properties added to a current permit will require reapplication for the permit (permittee and guests may continue to hunt on previously permitted property during review).

Any property belonging to an owner who has not signed the application will be removed from consideration.
