

Georgia's Angler Award Adult Program

The Georgia Department of Natural Resources' Wildlife Resources Division recognizes anglers (age 16 and over) who catch trophy fish through the **Angler Award Adult Program**.

In order to qualify, the catch must meet or exceed the minimum weight or length requirements for that species. To see if your catch qualifies, check the official rules on the reverse of this page. After reviewing, please complete and submit application.

GENERAL RULES AND REQUIREMENTS

ELIGIBLE FISH: See listing on reverse side.

WHO CAN APPLY? All properly licensed resident and non-resident anglers are eligible. WRD reserves the right to refuse any questionable entry.

APPLICATION AND PHOTOS: Anglers must submit a completed application and include a clear, side view photo of the fish, and a photo of the angler with the fish. See **Length Recognition** for other photo requirements.

LEGAL SEASON, SPORTING TACKLE AND OTHER INFORMATION: Fish must be caught in Georgia during the legal angling season for the species and taken in accordance with all fishing laws and regulations. Fish must be caught on sporting tackle and be hooked and landed by the entrant. Bush hooks, trot lines, jugs, baskets, nets, etc., are not considered sporting tackle. Fish caught from hatcheries or intensive fish culture facilities are not eligible. Freshwater fish caught from private waters in which adults of the species in question are stocked are not eligible. No frozen or mounted fish.

CERTIFIED SCALE: This applies to **Weight Recognition** submissions. Fish must be weighed on a scale that has been certified accurate to the nearest ounce, or lesser weight, by the Department of Agriculture within the last year. Fish may be weighed in pounds and ounces or in metric; however, metric weights will be converted to pounds and ounces. Estimated weights will not be accepted. The weight of the sling, platform, or rope (if one is used when weighing the fish) must be deducted from the total weight. Only one-ounce graduation will be recognized. Visual fractionizing of graduations is not allowed. Weights that fall between two graduations of the scale must be rounded to the lower of the two. The owner of the scale must provide an address and telephone number and the name of the scale operator.

OFFICIAL RULES: Angler Award Program

georgiawildlife.com/fishing/anglerawards

ANGLER AWARD ADULT PROGRAM

Angler Awards are awarded for kept fish and for catch-and-release fish. Review the following information before applying:

- The Angler Award Program runs from Jan. 1 – Dec. 31. Applications must be received no later than Jan. 15 of the year following the catch.
- Identification:** A WRD Fisheries Management biologist or technician must be able to identify the actual fish in person or through a photo of the fish.
- Weight and/or Length:** Fish must meet or exceed the listed minimum weight or length requirements. See listing on reverse side.
- Weight Recognition:** For recognition of weight, fish must be weighed on a certified scale. See "Certified Scale" under "GENERAL RULES AND REQUIREMENTS." If the fish is not weighed on a certified scale, it will be recognized for length (if it qualifies). Certified scale listing found at georgiawildlife.com/fishing/angler-resources or check with local marinas or grocery stores.
- Measurements:** Fish total length (TL) must be measured with a ruler or tape measure. To determine TL, measure the fish from the tip of the snout to the back of the tail fin with the fin squeezed together.
- Length Recognition:** For recognition of length, include an unobscured, broadside quality photo of the entire fish (for positive fish identification) AND one of the entire fish lying on its side on a flat surface next to a ruler or marked tape. These may be the same photo, provided species and length verifications can be made. Make sure measurement is clearly visible.

RECOGNITION & REWARDS: Awards are annual for the appropriate year: a certificate (for each qualifying fish), a t-shirt (limit—1), personalized ball cap (limit—1 per qualifying catch; no more than 3 caps total regardless of number of qualifying catches. Angler can choose fish for hats or WRD will select if no preference given). Rewards are sent at end of the calendar year (or closely after). Names and photos of Award recipients may be posted on the WRD website, and may be used in social media posts, or released to media or other interested parties.

SUBMIT COMPLETED APPLICATION:

- Email:** Melissa.cummings@dnr.ga.gov
- Hard copy:** Deliver to a local WRD Fisheries Management Office (*Office locations:* georgiawildlife.com/about/contact) OR mail (Melissa Cummings, Angler Award Program, 2067 US Hwy. 278, SE, Social Circle GA 30025)
